Core Features Available:

- User Authentication System
- Role-based Access Control (Parent, Venue Admin, Company Admin)
- Dashboard Interfaces
- Child Management
- Safety Monitoring
- Alert Systems
- Analytics & Reporting
- Payment Processing
- Mobile Interfaces

Test Accounts Available:

- **Demo Admin:** john@doe.com / johndoe123

- **Additional test accounts may be provided separately**

Features in Development:

- Real-time biometric processing
- Advanced AI analytics
- Enhanced mobile features
- Third-party integrations

Testing Guidelines

What to Test:

1. **User Registration & Login Flows**
2. **Role-based Navigation**
3. **Child Management Features**
4. **Alert & Notification Systems**
5. **Payment & Subscription Flows**
6. **Mobile Responsiveness**
7. **Data Export/Import Functions**

What NOT to Test:

- Real payment processing (use test mode only)
- Real biometric data upload
- Production integrations
- Load testing (single-user testing only)

Reporting Issues

When Reporting Bugs:

1. **Browser & Version:** Chrome 119, Safari 17, etc.
2. **Device Type:** Desktop, Mobile, Tablet
3. **Steps to Reproduce:** Detailed step-by-step
4. **Expected vs Actual:** What should happen vs what happened
5. **Screenshots:** Include screenshots if helpful
6. **Console Errors:** Check browser console for errors

Contact Information:

- **Project Manager:** [Contact details to be provided]
- **Technical Lead:** [Contact details to be provided]
- **Emergency Contact:** [Contact details to be provided]

Important Notices

Confidentiality

- **NDA Applies:** All features and content are confidential
- **No Screenshots:** Do not share screenshots publicly
- **No Social Media:** Do not post about features on social media

- **Limited Discussion:** Only discuss with authorized team members

Data Usage

- **Test Data Only:** All data is for testing purposes
- **Regular Resets:** Database may be reset during testing
- **No Personal Data:** Do not enter real personal information
- **Backup Important:** Don't rely on data persistence

Support & Feedback

- **Response Time:** 24-48 hours for non-critical issues
- **Priority Issues:** Contact project manager directly
- **Feature Requests:** Document and submit through official channels
- **Usability Feedback:** Highly valued and appreciated

Technical Requirements

Supported Browsers:

- Chrome 110+
- Safari 16+
- Firefox 110+
- Edge 110+

Device Requirements:

- **Desktop:** 1280x720 minimum resolution
- **Mobile:** iOS 15+ or Android 10+
- **Internet:** Broadband connection recommended

Performance Notes:

- First load may be slower (staging environment)
- Some features may have reduced performance
- Real-time features may have artificial delays

Emergency Access Issues

If you cannot access the staging environment:

1. **Check URL:** Ensure you're using `https://mysafeplay.ai`
2. **Password:** Verify `SafePlay2025Beta!` (case-sensitive)
3. **Clear Cache:** Clear browser cache and cookies
4. **Try Incognito:** Use private/incognito browsing mode
5. **Contact Support:** Reach out to project manager

Version Information

- **Environment:** Staging/Beta
- **Last Updated:** January 2025
- **Version:** 1.0.0-beta
- **Build:** Stakeholder Preview
